Reflectivity team member quickstart guide

What is Swivl?

Swivl makes reflective tools to help educators collaborate through reflection by sharing their thinking, building dynamic communities, and motivating team growth.

Reflectivity provides a simple and flexible reflection experience, allowing educators to go into a level of depth that's best suits them at that moment by adding written reflections, making a plan, and adding evidence.

What you will need

- ✔ Mobile device with Reflectivity app
- ✔ Laptop or PC for web access to Reflectivity

Get started

- ✔ Log in to your Reflectivity account on the web to access your community in order to engage in a collaborative reflection experience including written reflections, discussions, and evidence.
- ✔ Upload a profile photo.
- ✔ Download the Reflectivity app (iOS, Android) to reflect on the go!
- ✔ Visit the Swivl eLearning Center for step-by-step training modules
